1 Overview

Welcome to the course. This page is written once in Quarto Markdown and published as a web page. PDF and Word versions are generated automatically and appear as download links (look for **Other Formats** in the page margin).

2 Learning objectives

- State the goals of the course
- Describe how the materials are organized
- Locate the syllabus and schedule

3 Content

Write your lecture here using Markdown. You can use:

- **Bold** and *italic* text
- Bulleted and numbered lists
- Images: ![A caption](images/diagram.png)
- Tables, footnotes, citations
- Math, inline like $E = mc^2$ or displayed:

$$\int_a^b f(x) dx = F(b) - F(a)$$

4 Summary

A short recap of the key points goes here.
